CHRIST LIVES TODAY

Message from Our
Pastor

Father Daniel Berrigan was once asked in an interview, "If Christ lived today, how would he be regarded by the leaders of the world?" The priest replied, "If Christ lived today? Your question bewilders me. I thought he was living today. If not, can someone please tell me the meaning of the empty tomb? Maybe he just went out to lunch. Or the meaning of the lives of all who have died to say he lives, maybe they were all fools and charlatans."

Like Fr. Daniel Berrigan, we know Christ lives today. After all, if we really didn't believe this, we wouldn't be here at Church today. But Jesus tells us that going to Church is not enough. We are God's most gifted children- we are his Catholic Christian sons and daughters. We have been given the gift of faith and the fullness of truth- a gift that God doesn't want us to hide or hoard it for ourselves but share it with others. Sometimes we can tend to and be very good at caring for and preserving our own faith, but not do much for the faith of others. And this is not good, because God has given us the task of not only reconciling ourselves to Him, but reconciling others as well.

God has entrusted to us the work of witnessing to others, the task of being examples of faith to inspire others. Let us show others that indeed, Christ lives today!

God Loves you,

Fr. Dunn

Providing a strong foundation in Scripture

All are
Welcome!

Faith in the Community

CARING FOR OUR Common Home

Beginning at our **Wednesday Farmers' Market**, parishioners, shoppers, and neighbors are invited to bring their food scraps to the Waste Free Greenwich collection site for composting. The Wednesday drop-off may continue during the off-season based on community interest.

The parish of St. Catherine of Siena and St. Agnes is pleased to partner with Waste Free Greenwich in its "Scraps to Soil" food - scrap recycling program.

This partnership is a simple way to put our faith into action. Inspired by Pope Francis 'Laudato Si', we are reminded of our responsibility to care for "our common home" and to be good stewards of God's creation.

Since 2020, Scraps to Soil has diverted more than 800,000 pounds of organic material from the waste stream, turning it into beneficial compost and helping reduce our local carbon footprint.
